Subject: Question about PB rep on Open Space Committee

I'm not sure to whom I should send this message, but perhaps you can advise me. I am currently the PB Rep on the Open Space committee. It has become clear to me that I just can't make the meeting time - Friday mornings at 7:30. I commute into Boston everyday, and really can't make that time if I have morning meetings scheduled at work, as I don't get into work until after 9:30 on those days. I know that the other members either work in Acton or close by, so there is no chance the meeting time will be changed.

So, I just need to know how I should communicate this - should it go as an agenda item at our next meeting. Any discussion beforehand to see who can replace me? I haven't said anything to the OS Committee chair yet and hopefully somebody else on the PB will have a more flexible schedule.

Thanks for your advice.
